11. ""Back to history" not working, is redirecting to home page

The screenshot shows a dark-themed web form titled "List Your Video" with the subtitle "Fill in the details to sell your creation on our marketplace". In the top left corner, there is a link "← Back to History" with a mouse cursor hovering over it. The form is divided into two main sections. The left section, labeled "PREVIEW", contains a video player showing a blue robot on a transparent background, with a progress bar at 0:05 / 0:05. Below the video player is a text box for the "Original Prompt" with the text "Make the robot blue with green laser eyes". The right section contains several input fields: "Product Title *" with a placeholder "e.g., Futuristic City Intro Video", "Description" with a placeholder "Describe your video, its mood, style, and potential uses...", "Price (EUR) *" with a placeholder "€ 99.99", "Tags: * (comma separated)" with a placeholder "e.g., futuristic, cinematic, intro, tech", a checked checkbox for "Video includes audio", and "Use Cases (comma separated)" with a placeholder "e.g., YouTube intro, TikTok transition, web background". At the bottom right of the form is a large yellow button labeled "Publish to Marketplace". Below this button, small text states "You'll earn 80% of the sale price. reelzia takes 20%."
